Dear Rebecca,

I hope I'm getting better organised and must apologise for getting sidetracked by the way I though the local press were treating Emma.

Plans and Drawings

I hope my notes about the drawings and plans that I sent yesterday made some sense. The observations should stand without reference to the actual drawings but they have been attached for reference if anybody gets picky.

At the end of the day all the troubles I have had with the Council re the Development on River Drive stem from the interpretation of them. UK Docks sent in one set to deceive the Case Officer and the Agents sent a different set for the Planning Manager to approve. The Council for obvious reasons keep referring to the ones sent to mislead the Case Officer.

Corporate Lead - Part I

When I sent you the emails concerning the way Hayley Johnson (Corporate Lead) had dealt with my complaint to Anne-Marie Trevelyan MP I had forgotten that I had already written to Emma about it in October. Please find it attached.

Part II will follow tomorrow hopefully.

Yours sincerely,  
Michael Dawson
