Hi Angela,
The message below only goes to confirm my suspicions about Mr Palmer and it was recieved within a minute of the email sent to Simon and copied to you and others yesterday.
It appears Mr Palmer is not working in Emma's interest but rather for the same party that tried to deselect Emma and excluded you from the Labour Group.
He appears to have been planted in Emma's office to serve those who wish to the hide facts about the shed from general view so I've attached 'Destroying Evidence','Dishonesty at the Town Hall' and a copy of the email that Mr Parker has blanked and please forward them to Emma if she has not seen them.
I had made no secret of the fact that I had moved back to Amble in September 2017 and had maintained fairly amiable with Emma's office until October last year when when I first began to receive auto responses from Emma's office and I thought that had been sorted when I copied her an email addresses to Nicola Robason on the 31st January. It obviously had not and In what looks like an act of coersive control Mr Parker has put me on a black list and I wonder if Emma, Paul and Julie know they have been added by him as well.
The fact that he put me on a blacklist rather confirms my point about his and Hayley's paymaster.
Cheers
Michael
