Dear Emma,

I gave my phone details to your partner to pass to a Mr Keith Parmer, he has them and I spoke to him yesterday on 0191 4271240.

Is it safe to assume he is your Office Manager in South Shields and we should write to him on any issues we have with UK Docks?

The case ZA4803, please see attached, and it has been with you for many years although it was passed to Anne Marie Trevelyan MP while I was lodging in Amble.

70 Greens Place was on the market for about 4 years and I did not sell it until 2019. I was resident back there when UK Docks extended their shed in August 2017. I complained to you about the conduct of Councillor Anglin at that time and you suggested that I take it up with the Monitoring Officer, Mike Harding, and although I have not raised that issue with him I have discovered that he does not even acknowledge the receipt of any letters or emails let alone go any way to resolving any of the issues raised. I discovered this when I tried to raise a similar complaint with him at the back end of 2018.

Nicola Robeson does respond and she has confirmed that UK Docks were not given permission for their shed retrospectively which makes one wonder why they told you and Angela that they had.

Yours sincerely

Michael Dawson
